1.

This Brandbook guidelines gathers the constructive elements of the visual identity of Hostliday.

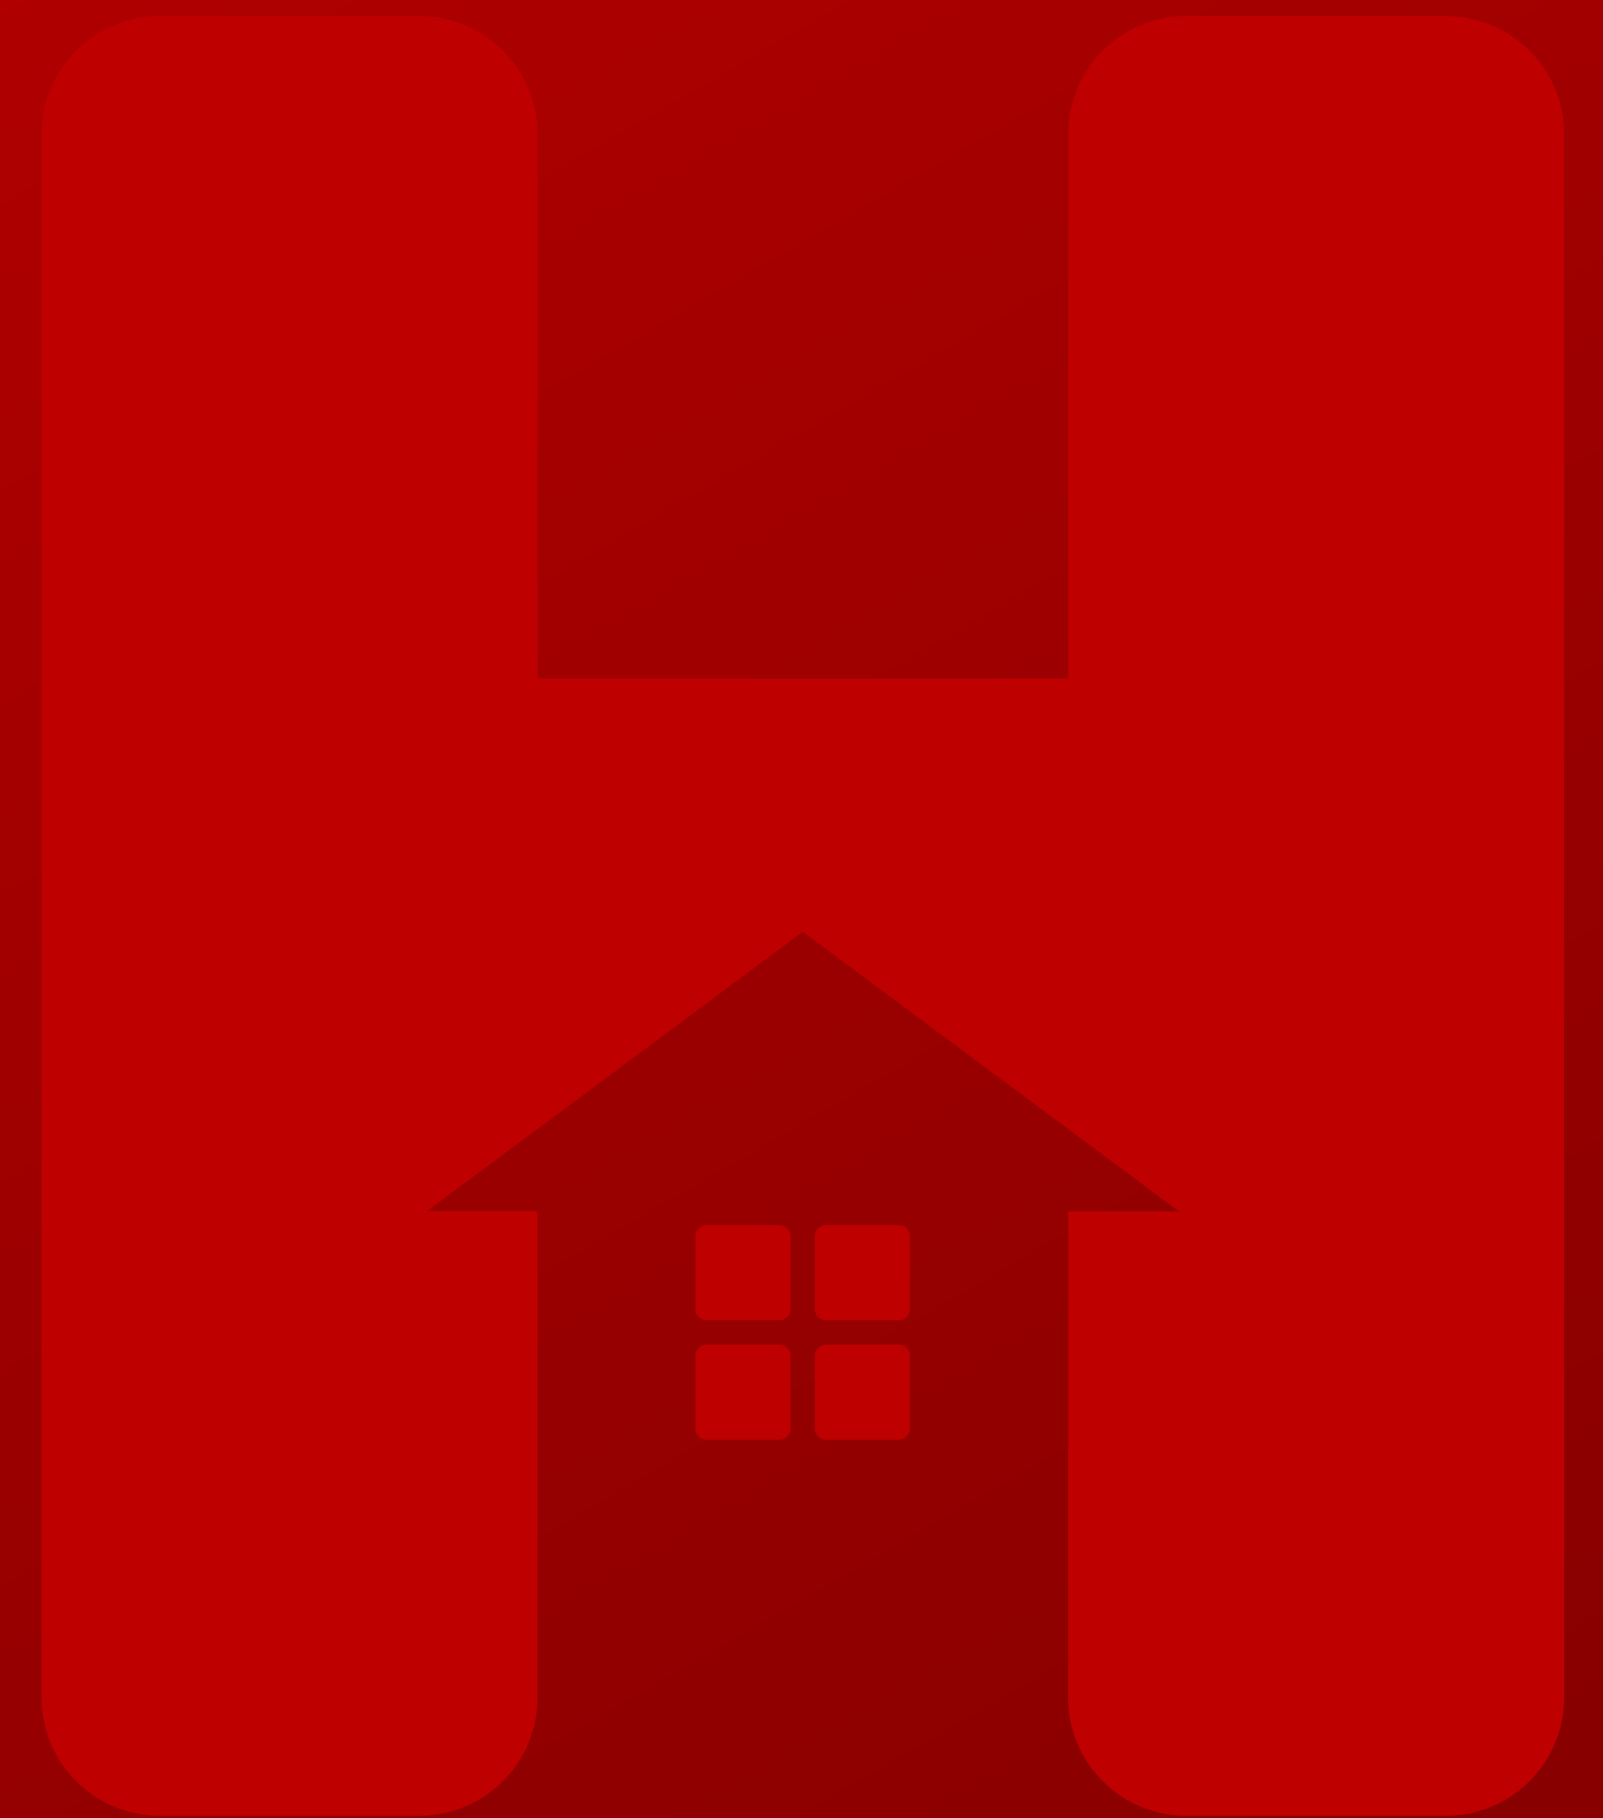

As constituent elements, they establish the construction guidelines, the use of typographies and the chromatic applications of the brand.

The consolidation of the brand image requires special attention to the recommendations set out in this manual, as a document that ensures a unity of criteria in communication and public dissemination.

The guidelines contained in this document are not intended to to restrict creativity, but rather to be a guide that opens up new creative creative possibilities for communicating its own essence.

The Logo

Main logo application:

Hostliday

The visual identifier of the Hostliday is an imagotype, which means that it is composed of two elements:

- **The logotype:** graphic form of the name, differentiated by typographic style and color.
- **The isotype:** symbol of the brand.

Respecting the buffer area is of vital importance to preserve the impact and value of the brand.

In order not to make the mark difficult to read and/or diminish the brand's appeal, your reduced applications must comply with the minimum size shown on this page.
